ARIZONA SEED COMPANY

GREETING SEEDS—The pages of this Book contain a list of Vegetable, Flower and Farm Seeds, which have shown merit and produce good crops. They are adapted to climatic and soil conditions of the Southwest, particularly Arizona.

STORE POLICY—It is the policy of our Store to handle **QUALITY** Seeds and **STANDARD** MAKES of Manufactured Goods, and you will receive 100 cents in value for every Dollar you spend with us. Our Poultry Supplies and other Manufactured Goods carry a guarantee of satisfaction or your Money Back.

GUARANTEE Complaints that Seeds are not of good germination might quite as often be attributed to other causes than the quality of the Seed. There are many contingencies arising to prevent the best seed giving satisfaction; such as: Sowing too deeply, too shallow, in too wet or too dry soil; insects may destroy the plants as soon as or before they appear; wet weather, cold weather, frosts, chemical changes in the Seed induced by temperature, etc.

For these reasons it is impracticable to guarantee Seed under all circumstances. We give no warranty, expressed or implied, as to description, purity, productiveness or any other matter, of any seeds we send out, and we will not be in any way responsible for the crop.

If the purchaser does not accept the goods on these terms, they are to be returned at once.

TERMS: Cash with order or satisfactory reference.

POSTAGE WE PAY POSTAGE. Please remember in comparing our prices with those quoted by other Seed Houses, we prepay the Postage on all Seeds quoted in this Catalogue, in Packets, Ounce, Quarter Pound and Pound quantities—except on Beans, Peas, Corn, Onion Sets and Field Seeds; on these our prices are net, and if ordered by mail, eight (8c.) cents per pound must be added to cover postage.

N.B. For seasonable Planting Hints, refer to Yearly Planting Chart on last two pages of this Catalogue.
